	Committee Reports
9:15 AM	**Responding to the Active Shooter – Run-Hide-Fight and A.L.i.C.E. - Rick Tustin** This presentation will provide an overview to all hazard planning for schools, businesses, health care facilities with an emphasis of preparing and responding to an Active Shooter and/or hostile intruder situation. Best practices as currently recommended by the Dept of Homeland Security Run Hide Fight protocol and the A.L.i.C.E. Institutes suggested protocol for responding to these types of threats. **Presented by Captain Rick Tustin** – Winchester Fire Department - 30 year veteran of the Department Serves as the Town's Fire Prevention Officer – duties include engineering (design, plan review and approval), code enforcement and public fire and life safety education (Student Awareness of Fire Education programs and Middlesex County Juvenile Firesetters programs) and assists the Chief of the Department with Emergency Management preparedness and response initiatives. Serves as the Fire Dept co-chair for the Winchester Public School District Incident Management team and is a former member of the NEMLEC STARS team
10:15 AM	**October 2016 Full Membership Meeting - Mark Rudolph** – Brief overview of the 2014 tabletop exercise, the after action report / improvement plan and the importance of agencies that participated in the exercise to implement improvement strategies as recommended in the final report. Additionally, brief overview of the functional exercise planning team's progress in the preparation of a funding request to NERAC as well as requirements for the vendor that will develop the functional exercise scheduled for the October 2016 full membership training meeting. **Presented by Mark Rudolph** - Mark Rudolph has served 35 years with the Medford MA Police Department currently serving as a lieutenant in the Field Services Division. He has served multiple

	roles in the department including patrol, motor unit, patrol supervisor, special operations unit commander, professional standards unit commander, and shift commander. Prior to entering police service he worked in healthcare and industrial security. He currently serves as the training subcommittee chairman for the Mystic Region Emergency Planning Committee (MREPC). In 2014 he assembled a planning team to develop and facilitate the MREPC Ethanol Tabletop Exercise. Lt. Rudolph has both a Master of Arts Degree and a Baccalaureate Degree in Criminal Justice Administration.
10:45 AM	**Rave Mobile Safety – Todd Piett** Rave Mobile Safety is a leading provider of safety software to 9-1-1, law enforcement, and safety agencies. This session will provide an overview of Rave Panic Button/Smart911 which provides immediate collaboration between victims, 911 and responders in the event of an emergency at a designated facility. While the solution will be described, the session will focus on the research around active shooter events and lessons learned in deploying the solution at over 2000 K-12 institutions across the country. **Presented by Todd Piett** - Todd is the Chief Product Officer at Rave Mobile Safety, a leading provider and data and communications software for public safety agencies. In this role Todd is responsible for all product development and marketing for Rave's solutions which protect millions of people and process 10% of the nation's 9-1-1 calls. In addition to holding numerous public safety technology patents, products developed by Todd's team have won over a dozen national awards. Todd graduated with honors from the United States Military Academy at West Point and holds an MBA from Harvard Business School. After graduation from West Point he served 7 years in the US Army as an aviation officer.
11:15 AM	**Triumvirate Environmental – Eric Chebator** **Global Harmonization System (GHS) Presentation**- OSHA has issued a final rule to align its Hazard Communication Standard with the Globally Harmonized System of Chemical Classification and Labeling (**GHS**).The final compliance date for the revised Hazard Communication Standard (HCS) is June 1st, 2016. This is the date by which OSHA says employers must be in complete compliance - update alternative workplace labeling and hazard communication program as necessary, and provide additional employee training for newly identified physical or health hazards. This presentation will cover: Global Harmonization System (GHS) Overview, regulatory requirements, Key Terms, Labeling, Hazard and Precautionary Statements, Safety Data Sheets (SDS), and Training Requirements. **Presented by Eric Chebator** - Eric is the EHS & Transportation Compliance Manager for Triumvirate Environmental. He is an Associate Safety Professional by the Board of Certified Safety Professionals and Certified Hazardous Materials Manager with over 8 years of Environmental Health and Safety Compliance experience.
