- (2) *Design and Construction*: Affordable housing units shall be comparable to and indistinguishable from market-rate units in interior and exterior building materials and finishes, windows, appliances, and other improvements related to the energy efficiency of the units.
- (3) *Rights and Privileges*: Owners and tenants of AHUs and market-rate units shall have equal rights and privileges to access and use of the development's amenities and facilities.
- (4) *Fractional Units*: Where the required number of AHUs results in a fraction the Applicant shall round up to the nearest whole number.
- (5) *Phasing*: Affordable housing units shall not be the last units to be built in any development and/or redevelopment covered by this Section.

This Section shall also be enforceable against purchasers of land previously held in common ownership with land that received, after the date of adoption of this Section, approvals or permits for development, to the effect that units developed under such previous development shall be counted toward the calculation of number of units under this Section.

(f) Restrictions

- (1) *Restrictive documents:* To ensure unit affordability, AHUs shall be rented or sold subject to applicable AHR, or such additional programs as may be adopted by the Commonwealth or its agencies, restricting the use and occupancy, rent level, and sales price of such AHUs.
- (2) *Term of Affordable Housing Restriction:* An AHR shall ensure that AHUs created under this section shall remain affordable in perpetuity or for the longest period of time as legally permissible. All AHRs, deed riders, and covenants shall be enforceable and renewable by the City pursuant to applicable law.
- (3) *Subsequent Resale/Lease:* An AHU shall be restricted in its initial and any subsequent sale, lease, and/or rental to a Qualified Income-Eligible Household at a specific price limit that will qualify such residential unit for inclusion in the DHCD SHI.
- (4) *Selection of Eligible Tenants and Homeowners:* The Applicant shall conduct a fair and reasonable procedure in compliance with fair housing laws for the selection of tenants for affordable rental units and for the selection of homeowners for affordable homeownership units. Prior to implementing such procedures, the Applicant shall submit an Affirmative Fair Housing Marketing Plan to be reviewed and approved by the Department of Planning and Development.
- (5) *Income and Asset Limits:* The Applicant shall verify and provide evidence to the Department of Planning and Development that the income of prospective Qualified Income-Eligible Households, whether purchasers or renters, shall not exceed eighty (80) percent or a mix of thirty (30) percent, fifty (50) percent and eighty (80) percent, pursuant to subsection (c)(2), of AMI based on household size as determined by HUD. A Qualified Purchaser or Qualified Renter shall also be required to demonstrate that total household assets, other than income, are not so high that a household has no substantial need of a rental unit with a reduced rent or of an ownership unit with a reduced purchase price.
- (6) *Occupancy:* The AHR for AHUs shall require, whether the unit initially is sold or rented, that the occupant of that unit must be a Qualified Income-Eligible Household. This provision shall prohibit a unit initially designated as owner-occupied from being leased.

(g) Monitoring and Enforcement

- (1) *Monitoring of Rental AHUs:* Affordable housing units shall be subject to an AHR that contains limitations on use, occupancy, resale and rents, and provides for periodic monitoring to verify compliance with and enforce said restriction. Developers/owners of rental developments which include rental AHUs must submit to the City of Chelsea Department of Planning and Development and the AHTFB an annual statement of rent level, rental income, and verification of tenant income.

- (2) *Monitoring of For Sale AHUs:* If the Owner shall desire to sell, dispose of, or otherwise convey a unit governed by an AHR, the Owner shall notify the City of Chelsea, c/o the Department of Planning & Development prior to listing the property for-sale to ensure compliance with the AHR's resale provisions.
- (3) *Eviction:* Nothing in this section shall be construed to permit eviction of a Qualified Purchaser or Qualified Tenant of an AHU due to a change of a household's income status or size during the time of ownership or term of lease or rental.
- (4) *Transfer of AHU:* The restrictions governing an AHU shall remain upon resale, re-rental, and/or renewal of lease of the AHU. For owner-occupied units, the use restriction shall ensure that units may only be resold to Qualified Income-Eligible Household who are Qualified Purchasers consistent with the then applicable income qualifications process and approved by the Department of Planning and Development.
- (5) *All Restrictions Remain in Effect:* Nothing in this Section shall be construed to permit any AHR, deed rider, covenant, agreement, and/or other mechanism restricting such items as the use and occupancy, rent level, or resale price of AHUs, and the enforcement thereof to expire prior to any maximum limitations set forth by applicable state law. It is intended that the restrictions required herein shall survive, to the limit allowed by law, including, but not limited to, bankruptcy and foreclosure.
- (6) *Timing of commitments:* All AHRs required hereunder and any documents necessary to ensure compliance with this section shall be approved as to content by the City of Chelsea Department of Planning and Development and Chelsea City Solicitor prior to the issuance of any Building Permit.
- (7) *Approval of Form and Content of Legal Documents:* The Applicant shall be responsible for preparing any documentation required by DHCD in order to secure LIP approval of the AHU and ensure their eligibility for the DHCD SHI. Furthermore, the Applicant shall prepare all AHR and/or legal instruments required to comply with this Section, and such documents shall be in a form satisfactory to the Chelsea City Solicitor. The Applicant shall reimburse the City for reasonable legal expenses incurred by the Chelsea City Solicitor.
- (8) *Recording of Restrictions:* All AHRs required pursuant to this Section shall be recorded at the Suffolk County Registry of Deeds or filed with the Registry District of the Land Court, as applicable, prior to the issuance of any building permit for the development.

(h) Right of First Refusal

The AHTFB reserves the right of first refusal or option to purchase all "affordable" for-sale units at the point of original sale or any subsequent resale. This also applies to any subsequent sale of a rental property or units within a rental property. The purchase price shall be the lesser of the price that a household earning no more than thirty (30) percent, fifty (50) percent or eighty (80) percent of the AMI could afford and pay no more than thirty (30) percent of household income in housing costs, depending on the affordability level assigned to the unit at the time of sale, or

ninety (90) percent of the then documented appraised value at sale time. The appraisal shall be performed by the Applicant after written review and approval by the Department of Planning and Development.

(i) Needs Assessment Review

The City of Chelsea Department of Planning and Development, in cooperation with appropriate Boards and Commissions, shall undertake a housing market assessment not less than every fifth calendar year from the date of enactment of this Section. The purposes of said assessment shall be to assess the performance of the provisions herein in terms of resultant AHUs, to assess any need for improved rules and regulations regarding implementation, and to ascertain the need for revision of any provisions of this Section relative to the provision of AHUs in the City.

Provisions subject to review shall include, at minimum: revisions to applicability requirements of this Section, revisions to percentage requirements of AHUs in inclusionary housing developments, and revisions to methodologies for monetary payments or other in lieu of means of compliance with provision of on-site units.

Upon completing its assessment the City of Chelsea Department of Planning and Development, shall recommend to the City Council any amendments to this Ordinance deemed necessary to improve the means of providing AHUs in the City.

(3) Any payment to the AHTF as an in lieu contribution for AHUs shall be made as follows: at least fifty (50) percent of the total owed prior to the issuance of a Building Permit; and the remaining total owed prior to the issuance of an Occupancy Permit.

(g) Restrictions

- (7) *Restrictive documents:* To ensure unit affordability, AHUs shall be rented or sold subject to applicable AHR, acceptable to the, or such additional programs as may be adopted by the Commonwealth or its agencies, restricting the use and occupancy, rent level, and sales price of such AHUs.
- (8) *Term of Affordable Housing Restriction:* An AHR shall ensure that AHUs created under this section shall remain affordable in perpetuity or for the longest period of time as legally permissible. All AHRs, deed riders, and covenants shall be enforceable and renewable by the City pursuant to applicable law.
- (9) *Subsequent Resale/Lease:* An AHU shall be restricted in its initial and any subsequent sale, lease, and/or rental to a Qualified Income-Eligible Household at a specific price limit that will qualify such residential unit for inclusion in the DHCD SHI.
- (10) *Selection of Eligible Tenants and Homeowners:* The Applicant shall conduct a fair and reasonable procedure in compliance with fair housing laws for the selection of tenants for affordable rental units and for the selection of homeowners for affordable homeownership units. Prior to implementing such procedures, the Applicant shall submit an Affirmative Fair Housing Marketing Plan to be reviewed and approved by the Department of Planning and Development.
- (11) *Income and Asset Limits:* The Applicant shall verify and provide evidence to the Department of Planning and Development that the income of prospective Qualified Income-Eligible Households, whether purchasers or renters, shall not exceed eighty (80) percent or a mix of thirty (30) percent, fifty (50) percent and eighty (80) percent, pursuant to subsection (c)(2), of AMI based on household size as determined by HUD. A Qualified Purchaser or Qualified Renter shall also be required to demonstrate that total household assets, other than income, are not so high that a household has no substantial need of a rental unit with a reduced rent or of an ownership unit with a reduced purchase price.
- (12) *Occupancy:* The AHR for AHUs shall require, whether the unit initially is sold or rented, that the occupant of that unit must be a Qualified Income-Eligible Household. This provision shall prohibit a unit initially designated as owner-occupied from being leased.

(h) Monitoring and Enforcement

- (9) *Monitoring of Rental AHUs:* Affordable housing units shall be subject to an AHR that contains limitations on use, occupancy, resale and rents, and provides for periodic monitoring to verify compliance with and enforce said restriction. Developers/owners of rental developments which include rental AHUs must submit to the City of Chelsea Department of

Planning and Development and the AHTFB an annual statement of rent level, rental income, and verification of tenant income.

- (10) *Monitoring of For Sale AHUs:* If the Owner shall desire to sell, dispose of, or otherwise convey a unit governed by an AHR, the Owner shall notify the City of Chelsea, c/o the Department of Planning & Development prior to listing the property for-sale to ensure compliance with the AHR's resale provisions.
- (11) *Eviction:* Nothing in this section shall be construed to permit eviction of a Qualified Purchaser or Qualified Tenant of an AHU due to a change of a household's income status or size during the time of ownership or term of lease or rental.
- (12) *Transfer of AHU:* The restrictions governing an AHU shall remain upon resale, re-rental, and/or renewal of lease of the AHU. For owner-occupied units, the use restriction shall ensure that units may only be resold to Qualified Income-Eligible Household who are Qualified Purchasers consistent with the then applicable income qualifications process and approved by the Department of Planning and Development.
- (13) *All Restrictions Remain in Effect:* Nothing in this Section shall be construed to permit any AHR, deed rider, covenant, agreement, and/or other mechanism restricting such items as the use and occupancy, rent level, or resale price of AHUs, and the enforcement thereof to expire prior to any maximum limitations set forth by applicable state law. It is intended that the restrictions required herein shall survive, to the limit allowed by law, including, but not limited to, bankruptcy and foreclosure.
- (14) *Timing of commitments:* All AHRs required hereunder and any documents necessary to ensure compliance with this section shall be approved as to content by the City of Chelsea Department of Planning and Development and Chelsea City Solicitor prior to the issuance of any Building Permit.
- (15) *Approval of Form and Content of Legal Documents:* The Applicant shall be responsible for preparing any documentation required by DHCD in order to secure LIP approval of the AHU and ensure their eligibility for the DHCD SHI. Furthermore, the Applicant shall prepare all AHR and/or legal instruments required to comply with this Section, and such documents shall be in a form satisfactory to the Chelsea City Solicitor. The Applicant shall reimburse the City for reasonable legal expenses incurred by the Chelsea City Solicitor.
- (16) *Recording of Restrictions:* All AHRs required pursuant to this Section shall be recorded at the Suffolk County Registry of Deeds or filed with the Registry District of the Land Court, as applicable, prior to the issuance of any building permit for the development.

(i) Right of First Refusal

The AHTFB reserves the right of first refusal or option to purchase all "affordable" for-sale units at the point of original sale or any subsequent resale. This also applies to any subsequent sale of a rental property or units within a rental property. The purchase price shall be the lesser of the

price that a household earning no more than thirty (30) percent, fifty (50) percent or eighty (80) percent of the AMI could afford and pay no more than thirty (30) percent of household income in housing costs, depending on the affordability level assigned to the unit at the time of sale, or ninety (90) percent of the then documented appraised value at sale time. The appraisal shall be performed by the Applicant after written review and approval by the Department of Planning and Development.

(j) Needs Assessment Review

The City of Chelsea Department of Planning and Development, in cooperation with appropriate Boards and Commissions, shall undertake a housing market assessment not less than every fifth calendar year from the date of enactment of this Section. The purposes of said assessment shall be to assess the performance of the provisions herein in terms of resultant AHUs, to assess any need for improved rules and regulations regarding implementation, and to ascertain the need for revision of any provisions of this Section relative to the provision of AHUs in the City. Provisions subject to review shall include, at minimum: revisions to applicability requirements of this Section, revisions to percentage requirements of AHUs in inclusionary housing developments, and revisions to methodologies for monetary payments or other in lieu of means of compliance with provision of on-site units.
