stated his concerns about how many licensees are in the general area of petitioner's location. Houghton mentioned the issues that CPD experienced on that end of the Broadway Corridor with public drinking. Attorney Simeone mentioned that the Petitioner has been operating his business for a long time in Chelsea with no problems. He has worked for over 21 years and has no substantial violations and is an asset to the Courthouse. He wants to be competitive in this bad economy and most of the stores have beer and wine these days. He is asking for what is a staple in convenience stores these days. Every dollar counts and the alcohol will be sold from the counter. Commissioner Guido mentioned that he doesn't want single cans of beer sold. Attorney Simeone felt that was not a problem. Guido further said that the matter should be continued since there are no licenses. Simeone said that would not be problem. Vega said she would like to review the issue of a "public need" in the next hearing. McAteer moved to continue the hearing Guido seconded and vote unanimous.

Chair opened the Public Hearing to consider a Change of Manager application of the All Kinds of Alcoholic Beverages (On Premise) License of Merritt Social and Athletic Association, Inc. at 101 Webster Avenue, Chelsea, MA. Robert Connors appeared on behalf of the Club and himself. He would like to take over managing the bar because prior manager resigned and retired and moved to Florida. He said he has read the City's rules but has no experience running a bar. Chair opened public speaking and Captain Houghton said it is a social club and they performed a CORI check and see no issues. Connors said right now it is club only and no function use. McAteer moved to approve the change of manager. Cherniack seconded and vote unanimous.

Chair opened the disciplinary matter of Miriam Lopez of 250 Main Street, Everett, MA., employed by Blue Taxi. The matter involved an appeal of the Licensing Department Commission decision of denial of a Hackney Driver license and violation of refusing to accept a fare (complaint). Ms. Lopez with her translator Yaribeu Perez, Complainant Bill Martinez and his daughter Gillian Fulani all appeared. The complaint was that she refused a fare because it was under \$5.00. The Solicitor stated that Ms. Lopez should not have been driving at all because she did not have a current Hackney License. Ms. Lopez said she did not renew because she was driving for Uber and didn't think it was necessary to renew her Hackney License. Complainant said he is madder at the taxi owners because another taxi denied him again because fare was under \$5.00. Ms. Lopez gave conflicting stories as to whether she denied him. In her letter, she wrote she was not working that day and at the hearing, she stated that she had a call to pick up another fare. The commissioners ask the complainant if this is the taxicab driver and he said he was positive it was her. McAteer asked Ms. Lopez if she recognizes the complainant and she said she doesn't remember him. Chair Guido moved to approve the license and asked Licensing to bring in the taxicab owners. Cherniack seconded and vote unanimous.
